

## National Pen

Last Updated Sunday, 07 October 2007

National Pen Company is a manifold, multi-layered organization that occupy strong positions in the promotional products industry. Founded in 1950s, it is the leader in providing highly personalized advertising giveaways worldwide. National Pen Corporation is the great source for a wide scope of business marketing needs, featuring a large selection of promotional pens, custom imprinted pens and logo pens.

National Pen Corp sticks to the idea that promoting your business does not have to be such a difficult task. No matter what kind of business and industry you are into, with National Pen you will be able to promote it with original business pens, imprinted pens and laser engraved pens that will contain your company's name, contact information, slogan and logo. These giveaway promotional pens are aimed to help you reach a wider audience.

National Pen Company has been producing promotional business pens for over 50 years, and in course of time National Pen has become a recognized low-cost, minimum quantity leader on the market of writing instruments. And every pen, manufactured by National Pen Corp, is a true boon for pens collectors. There are several divisions of National Pen. The major of them are as follows:

National Pen Company holds Finance, Marketing, Credit, Customer Service, Order Entry, and Information Systems departments. It is head-quartered in San Diego. The great majority of National Pen Corporation products are manufactured in National Pen Company Tennessee division. Atlas Pen and Pencil Company specializes in advertising specialty products for teachers, golf, and real estate. Its head-quarters are in Florida. Pluma Nacional is located in Tijuana, Mexico. Here materials are delivered, pens are inserted, pen caps are decorated, and mechanical pencils are assembled. National Ink, Inc produces the ink used in National Pen's products, as well as it sells inks to other pen and marker manufacturers all over the world. National Pen Ltd is located in Dundalk, Ireland. It manufactures and sells to Europe generally via mail order and telemarketing.
